

WILD CHICKEN UNIVERSITY

A DAISY LEAGUE UNIVERSITY

The admission committee has concluded its evaluation of Early Decision applicants to Wild Chicken University. Unfortunately, we are unable to offer you a place in the first-year class. Since Wild Chicken was your top choice, we understand this news is very disappointing.

Given the relatively small size of the incoming class and the strength of the applicant pool, we cannot admit all of the qualified applicants who apply to Wild Chicken. You should not feel our decision reflects negatively on you or your potential as a college student. We simply are unable to admit all of the students who present a solid record of achievement. While we have every reason to believe you will complete this school year successfully, remember that your admission is contingent upon your continued strong performance in the program you presented to us in your application.

Our admission committee reviews each application carefully in our efforts to shape an incoming class. Unfortunately, we cannot provide explanations about individual admission decisions; however, A Statement from the Dean, linked to this letter, may answer some of your questions about our admission process.

The admission committee appreciates the time and effort you put into applying to Wild Chicken. We wish you every success as you pursue your education.

Sincerely,

Harland Sanders
